TO WHOM SO EVER IT MAY CONCERN

Mar Hospitality Services Pvt Ltd. executing Catering & Housekeeping contracts at HEERA & NEELAM offshore platforms from 1st October 2009 onwards till date, have been giving service to the best of satisfaction of not only To the regular crew members of the platforms but also to the various foreign contractor, specially M/s. ABS, Honey well, Homegaurd, Solar as well as Essar offshore and other dignitaries who visited the platforms every now and then for technical reviews. These foreigners were very hygienic conscious. M/s.Saraf Hospitality Services Pvt. Ltd. had served them a very demanding continental diet in very hygienic environment.

Their services were also fairly appreciated by the personnel on board and also by the visiting VVIPs and Hon'ble Members of various Parliament Committees such as Standing Committee of ministry of petroleum, & also naval committee etc. during this period.

The catering staff has been extremely vigilant not only to fulfill the requirements of the platform crew members as per the contract but are also very safety conscious and while transporting the food etc. to various control rooms, observe very keenly any untoward behaviour of equipment on the way and inform to concerned officers.

The exemplary participation of the catering crew members at the time of shut down held on Heera Platform during April 2010 is worth praising. It was a great assistance for us as we had many important delegates and senior officers visiting the platform including many people coming from the Base Office and entire concentration was dedicated on completing the job on time. They have kept their services to all the delegates and the regular staff to be very efficient even during that situation.

I wish all the best to M/s Saraf Hospitality Services Pvt. Ltd in all their

assignments.
